

Simple.

We're cheap and easy.
What more could you ask?
Great customer service? *Got that too.*

We're cheap

We give you competitive, no-nonsense rates. No teaser deals, no complicated rate schedules, no unadvertised start-up fee, no sneaky surcharges, no minimum use fee. Just straightforward, affordable rates: 13.5 cents per minute, anywhere in the United States between 5 p.m. and 8 a.m. and all day on weekends; 19.5 cents per minute between 8 a.m. and 5 p.m. weekdays (when you won't be calling anyway, because you'll be in class).

We save you even more money when you pay your long distance bill at the CU Bursar's Office. Save the postage and pocket over 21 minutes' worth of calling time.

We're easy

To start making long distance calls, just follow the directions that come with the authorization code. Authorization codes are available at the Reception Desk in the Telecommunications Center (just east of the UMC).

You'll dial fewer numbers for access with Telecom Long Distance than with other service providers. Besides, who needs more numbers to memorize?

We're reliable

Your authorization code ensures security. Only calls made with your auth code will be billed to your Bursar's Office bill.

We provide on-campus customer service. If you ever have a problem with Telecom Long Distance service or your authorization code, someone right on campus will solve the problem quickly and correctly. Call us weekdays 8 a.m. to 5 p.m. at 303-492-1282 or visit our Web site: <http://www.colorado.edu/Telecom/>.

Trust us

You can trust your long distance service if it's CU's Telecom. Use Telecom Long Distance. After all, you shouldn't let strangers into your room.
